FAQ

How do I place an order?

If you don't have a wholesale account, you may create a free account at www.porcelainsstore.com
After verification and activation you'll be able to log in, submit and view orders, communicate with support and more.

How do I check the status of my submitted order?

You may find order details inside of your account at PorcelainsStore.com by clicking on 'My Orders' and then clicking on the specific order in-question. As your order moves across the system it will automatically update inside of the order under 'Order Status'. And if you ever have any questions, our team is available to assist by emailing orders@porcelainsunlimited.com or calling us at 866-620-4460

What is the turnaround time?

Our general turnaround time is between 8 – 10 days. As a general rule, if the order (and proof) is approved by Tuesday then it is safe to assume the order will ship out the following Friday. For custom orders (meaning custom size or custom shape), please allow an additional 1-2 weeks as we handcraft each and every item. Your patience is appreciated!

How many cameos can be on an order?

Currently only one proof can be approved and produced per order. If you need two different cameos, they must go on two different orders. However, if you need multiple identical cameos, just update the quantity to suit your needs.

Is there a replacement warranty?

YES, there is a 100% free unconditional warranty on all of our porcelain tiles, porcelain cameos, and porcelain urns. All we need is the order number to reproduce your product.

FAQ

Are there additional charges for photo editing?
Our talented design team is ready to help mockup your porcelain picture tiles and urns using the latest design software and most advanced AI tools. We're happy to provide 2 free proofs for each product ordered. New additional design requests after 2 may incur a small fee.

Can objects or persons be removed from photos?
They most certainly can. Any alterations can be made to your photos. A proof will be sent for approval before confirming your order and proceeding to production.

Can you take people out of large groups to make a single porcelain photo?
Yes, not a problem. Include special requests with your order submission letting us know the details of what's needed for the order.

May I send the original photo?
Yes, original photos are always better than a copy. Rest assured all photos are returned with receipt of orders.

What are the requirements for emailed or scanned pictures?
For optimal quality of porcelain cameos, tiles and urns, we prefer 300 DPI resolution or better when scanned. For digital photos, a resolution as high as possible, preferably in JPG format, however we can work with anything you're able to send.

Can tape be placed on the back of porcelain pictures for installation?
Even better, we provide 3M VHB tape which acts as an adhesive. The 3M VHB tape adheres similar to epoxy and is complimentary when requested on your order.
