ETERNAL TIMEKEEPER

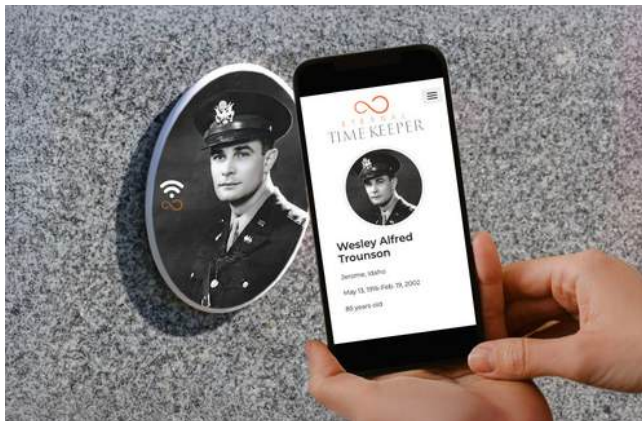

A Timeless Legacy, A Modern Connection

Our patented, security trust-backed technology transforms any memorial into a living story. By simply tapping your phone or smart device on the Eternal Timekeeper symbol or cameo, you can instantly connect to your loved one's digital profile—where their life story lives on through photos, videos, memories, and more.

Each Eternal Timekeeper memorial includes the essentials for a timeless legacy.

- **Instant Access:** A personalized online profile linked to a cameo, urn or ETK cap through NFC tap technology.
- **Rich Storytelling:** Bios, photos, video galleries and music galleries that allow families to share a complete life story.
- **Navigation:** GPS location mapping to help visitors locate the memorial.
- **Full Legacy Integration:** Optional social media, music, and professional page integrations.
- **Security Trust:** A secure digital memorial created with intention—and cared for long term. Your loved one's profile remains private, stable, and always yours, supported by the Eternal Timekeeper Security Trust designed to protect, maintain, and preserve memorial profiles for generations.
- **Easy to Use:** No technical skills required - just a simple, thoughtful experience.

Seamless Integration with Any Memorial

Eternal Timekeeper is thoughtfully designed to blend seamlessly into any memorial. Our discreet NFC technology can be incorporated directly into porcelain cameos, urns, panels and more, preserving a clean and elegant appearance. For steel cameos, a small porcelain cap, carefully color-matched to the headstone, ensures the memorial remains visually harmonious while respectfully housing the technology.

Porcelain and Crystal Products

Eternal Timekeeper works with standard and ultra-thin cameos, crystal, custom shapes, books, scrolls, mosaic tiles, panels—even porcelain set on bronze markers.

Eternal Timekeeper Cap

The Standalone Cap is a flexible solution for steel applications or locations where a traditional cameo isn't suitable. It also enables Eternal Timekeeper to be added to existing monuments, niche or crypt fronts, and more.

Urn Integration

Eternal Timekeeper can be incorporated into urns, allowing digital remembrance to accompany cremation memorials. Whether displayed at home, placed in a niche, or interred, ETK adds a lasting digital connection without altering the urn's design.

Eternal Timekeeper is compatible with a multitude of surfaces and products. Look for the logo throughout our catalog for ETK ready items.

Introducing The Scatter Cameo - a thoughtfully designed memorial marker created to honor a life in places that hold personal meaning. Intended to mark locations where ashes have been scattered, it offers families a lasting point of remembrance without the need for a permanent monument.

Scatter Cameos feature a classic porcelain portrait mounted within a durable bronze ring frame, paired with a matching ground stake for easy placement. A waterproof backing protects the cameo, allowing it to withstand outdoor conditions while maintaining its beauty over time.

Each Scatter Cameo comes fully assembled—the portrait is professionally mounted in the frame and attached to the stake—ready to be placed by the customer without additional preparation. Its design allows for either temporary or permanent display, making it suitable for cemeteries, gardens, natural settings, or any meaningful location chosen by the family.

Each Scatter Cameo includes Eternal Timekeeper, discreetly integrating digital remembrance into a physical marker. With a simple tap, visitors can access photos, stories, and memories connected to the individual, extending the memorial beyond the physical location.

Elegant, versatile, and deeply personal, the Scatter Cameo provides a respectful way to mark a place of remembrance—wherever that place may be.

Designed and crafted in-house, the Scatter Cameo is available exclusively from Porcelains Unlimited.
